Following the success of the secondary school autism champions network we are going to establish a similar network for primary schools.

The champions are often non-teaching staff (and unlikely to be the SENDCo) who have had significant professional development in the field of ASD.

The network meets three times a year and each time there will be:

- A training focus (to be agreed at previous session).
- Opportunities to share good practice.
- News and updates including new resources.
- Focused discussions.

Each session will have tea/coffee provided. Please book places so we can anticipate numbers.
