Following the success of the secondary school autism champions network, last year we are continuing the network this year.

The champions are often non-teaching staff (and unlikely to be the SENDCo) who have had significant professional development in field of ASD. The network meets three times a year and each time there will be:

- A training focus (to be agreed at the previous session).
- Opportunities to share

- good practice.
 - News and updates including new resources.
 - Focussed discussions.
- We would request that a booking be made for each session please.
