

Extending and enhancing good autism practice

Half day

Advance your skills, deepen your understanding and build on the learning developed through 'good autism practice'.

Who is this training for?

This session is suitable for practitioners working with school-age pupils on the autism spectrum in both mainstream and specialist services. This includes:

- teachers
- senior management
- teaching assistants
- any other practitioner

Practitioners in specialist settings who work with pupils with complex needs should undertake the one day complex needs module.

What will you learn?

- The theories of autism and how to consider the implications for practice.
- Practical strategies to support you in the development of your knowledge, skills and understanding of effective autism practice.
- To reflect on your practice and enable you to share enhanced knowledge more widely across your organisation.
